LIVVI THE SOCIAL SCIENTIST

HUMAN AND SOCIAL SCIENCES

I explore how people live and use evidence.

HOW DO PEOPLE LIVE THEIR WORLDVIEWS?

I investigate how beliefs, culture, place and experience influence everyday life.

EXPLORE EVIDENCE

Interviews

observations

surveys

case studies

ASK WITH LIVVI

-  How do people live out this worldview in daily life?
-  What similarities and differences can we see within this worldview?
-  What evidence helps us understand people's lived experiences?

TRY IT!

Compare two people's experiences of the same celebration. What is similar? What is different?

REMEMBER

Use words such as some, many and most carefully. One person does not represent a whole worldview.
